Halifax, N. S., Nov. 19.—Widespread shipping damage due to the severe storm which swept over this section last week was reported today with the restoration of wire communication which had been out off for several days with points along the coast. In addition to the steamship Casapedia, which was abandoned and set on fire by her crew after drifting helplessly in the storm off Cape Race Sunday the steamer Lake Manitoba and two schooners met with mishap. The Lake Manitoba of 2074 tons was towed in here by a government cruiser. The schooner Daisy Vaughn was driven ashore by the storm near Port Hood

and was a total wreck and the schooner Richard Linthoum was badly damaged when she struck on Bunkers Island. The Linthoum was towed back to Yarmouth leaving.

London, Nov. 19.—Rumors that William Hohenzollern may return to Germany as reported by the Berlin newspapers, with hints that he would not be refused an entry to that country is creating considerable stir here. They are viewed by several of the morning newspapers as creating an uncertain situation which is rendered more doubtful by accounts of the activities of the German propagandists in several countries.

ESTIMATE WAR COST TO NATIONS

Washington, Nov. 18.—The direct cost of the war for all belligerent nations to May 1, was reported at about \$175,000,000,000 by the federal reserve board bulletin, issued Monday. It is estimated that the cost will amount to nearly \$200,000,000,000 before the end of this year. These calculations were compiled by the draft board from various sources, and while their accuracy is not vouched for, the board believes the figures are substantially correct.

For purely military and naval purposes it is estimated that all belligerents had spent about \$132,000,000,000 to May 1, or about three-fourths of the total war cost. The balance represented interest on debt and other indirect war expenses.

About \$150,000,000,000 of the total war cost has been raised by war loans of various nations and comparatively little by taxation. The public debt of the principal belligerent nations is calculated at approximately \$105,000,000,000, or more than twice as much as the aggregate debt of the Central powers set at \$50,000,000,000. This does not take into consideration debt incurred since last May.

DOVER

Dover, Nov. 19.—The Republican mayoralty caucus will be held in the city building Tuesday afternoon and evening. The polls will open at 3 o'clock and will remain open until 9 o'clock.

The Democrats of Dover will hold caucuses in the several ward houses this afternoon from 2 to 5 o'clock, to nominate candidates to be supported on election day. They will hold their mayoralty caucus at the Ward 2 ward house on Broadway this evening for the purpose of choosing a candidate for mayor. The polls at this caucus will be open from 6 to 9 o'clock.

Mayor Fred C. Smalley announced Monday that he would be a candidate for the Republican mayoralty nomination. Mayor Smalley is now serving his first term as mayor. No other can-

didate for mayor has announced himself and it is generally understood that he will be opposed in the Republican caucus.

An important meeting of citizens interested in the proposed state highway from this city to Kingston, which was to have been held some time ago but which was postponed owing to the inability of Governor Keyes to attend at that time will be held at the Durham town hall Friday afternoon at 2 o'clock.

Miss Ruth Wheaton, a former resident of this city, now residing at Commonwealth pier in Boston, was among those who visited Dover Sunday. While here she was entertained by Mr. and Mrs. Fred Blaisdell on Washington street.

Olive Branch lodge of Knights of

Pythias is to be honored on Wednesday evening by being privileged to entertain the supreme chancellor of the order of the United States.

HOW RHEUMATISM BEGINS

The excruciating agonies of rheumatism are usually the result of failure of the kidneys to expel poisons from the system. In a majority of cases rheumatism is an indication that uric acid has pervaded the system. If the irritation of these uric acid crystals is allowed to continue, incurable bladder or kidney disease may result. Attend to it at once. Don't resort to temporary relief. The sick kidneys must be restored to health by the use of some sterling remedy which will prevent a return of the disease.

Get some GOLD MEDAL Haaren Oil Capsules immediately. They are a standard world-famous medicine in use for over two hundred years. They have brought back the joys of life to countless thousands of sufferers from rheumatism, lame back, lumbago, sciatica, gall stones, gravel and other affections of the kidneys, liver, stomach, bladder and allied organs.

They will attack the poisons at once, clear out the kidneys and urinary tract and the soothing, healing oils and herbs will restore the inflamed tissues and organs to normal health.

GOLD MEDAL is the original Haaren Oil Imported direct from the home laboratories in Haarlem, Holland, by the Genuine Haaren Oil Mfg. Co., Haarlem, Holland, American office, 115 Beekman St., N. Y.

All others are imitations. Ask for GOLD MEDAL and be sure the name GOLD MEDAL is on the box. Three sizes, at all good druggists.

AT THE COLONIAL TONIGHT.

For Famed Musical Craze Coming.

No more pleasurable anticipation has been afforded local theatre-goers in several seasons than the announcement that Conity and Tennie's original Cohan Theatre production "The Kiss Burglar" the most brilliant and fascinating of recent musical successes is to be presented at the Colonial tonight previous to commencing its Boston appearance. Coming here direct from a six month's run at the George M. Cohan Theatre, the birthplace of many of the most popular musical entertainments of the last quarter of a century. Not in years have the exacting theatre-going public found a musical offering so completely to their liking as this latest musical craze which early bookings made previous to its opening on Broadway prevented its turning for another solid year, an able genuine enthusiasm which crowded houses have accorded this irresistible musical comedy so far on its tour of the larger cities indicates that its popularity throughout the country will prove not one degree less phenomenal than its record making voyage with all classes of pleasure seekers in New York.

Much of the success of "The Kiss Burglar" is credited to its fresh and timely appealing story and effective manner in which music, movement, melody, pathos, fun and originality has been harmoniously combined while the musical score with which its brilliant score abounds will become popular in every nook and corner of the land. The book and lyrics is from the pen of Glen MacDonough and the music from the pen of that popular American writer, Raymond Hubbell. An enormous company is carried which includes the famous Penneck Alby Chorus, and the original Cohan Theatre production will make this the season's greatest musical comedy event.

GOVERNMENT TO CONTROL CABLES

Washington, Nov. 19.—Government control and operation of all ocean cable lines owned in America, under Postmaster General Burleson, is ordered by President Wilson in a proclamation dated Nov. 2, which has just been made public through publication in the government's official bulletin. Officials at the postoffice department refused to discuss the proclamation Monday or to say whether any steps actually had been taken toward putting government operation into effect.

The first indication that the cables were to be taken over came Saturday through a statement at New York by Clarence H. Mackay, president of the Postal Telegraph-Cable company, saying he had been informed of the action and criticizing the government for taking the step now that the war practically is ended. Mr. Mackay said the government already had complete control of the cables through censorship, and that government operation would result in loss. "Just as government operation of the land lines will result in a loss."

What Determines Meat and Live-Stock Prices?

Some stock men still think that Swift & Company—and other big packers—can pay as little for live-stock as they wish.

Some consumers are still led to believe that the packers can charge as much for dressed meat as they wish.

This is not true. These prices are fixed by a law of human nature as old as human nature itself—the law of supply and demand.

When more people want meat than there is meat to be had, the scramble along the line to get it for them sends prices up. When there is more meat than there are people who want it, the scramble all along the line to get rid of it within a few days, while it is still fresh, sends prices down.

When prices of meat go up, Swift & Company not only can pay the producer more, but has to pay him more, or some other packer will.

Similarly, when prices recede all down the line Swift & Company cannot continue to pay the producer the same prices as before, and still remain in the packing business.

All the packer can do is to keep the expense of turning stock into meat at a minimum, so that the consumer can get as much as possible for his money, and the producer as much as possible for his live-stock.

Thanks to its splendid plants, modern methods, branch houses, car routes, fleet of refrigeration cars, experience and organization, Swift & Company is able to pay for live cattle 90 per cent of what it receives for beef and by-products, and to cover expense of production and distribution, as well as its profit (a small fraction of a cent per pound), out of the other 10 per cent.

Swift & Company, U. S. A.

PORTSMOUTH GOES OVER DRIVE QUOTA

Official Figures Not Available But Full Sum Assured--Women Raise Over \$6,000

Portsmouth has gone over the top in the United War Drive and while officially the returns do not indicate it, unofficially the sum of \$25,000 has been reached and the local committee hopes that they will be well on the road to the maximum quota by tonight, although officially the time has been extended to Wednesday evening.

Up to the close of the day Monday, Secretary Baker reported that some over \$22,000 has passed through the committee, and with enough more in sight to clear the quota.

This sum did not include anything from the Atlantic Corporation which did not report last night, but it is known that they have already collected more than enough to complete the quota, but are striving for a hundred per cent. It does not include the Morley Button company who have also reached their quota of \$750, but have not turned it in to the committee, and it included only a part of the Shattuck ship yard which Monday evening was well up to \$5,000, and only about half of the navy yard.

The navy yard has not made the

usual response to this drive, and up to Monday evening they were reported as only about half of their original quota and with the subscriptions coming slowly. In fact, in proportion to the number of men the Naval Prison, which has already subscribed \$2,000, has outdistanced the yard workmen. They have two more days in which to reach their quota.

All of the navy yard and Shattuck yard collections will not come to this city as possibly more than half will be credited to other places, but almost the entire Atlantic subscription will come to this city.

The Women's Committee have not made their complete returns, but they have turned in over \$5,000 and expect to reach \$6,000 by today.

The business men's committee have practically completed their work and there is practically nothing to be done but clear up odds and ends, and a good part of this will have been finished this evening. Owing to the poor showing made by the first weekmen the drive will be extended until Wednesday evening.

TO BUILD SHIPS NOW FOR COMMERCE

Shipping Board Program Is Being Revised.

Washington, Nov. 18.—While shipbuilding in this country is to be continued steadily, the program of the Shipping Board, based on war needs, will be revised and designs for ships will be changed with particular reference to economical cost of operation. Chairman Hurley said today in a statement outlining the board's peace-time plans.

"The continued need for building American-owned tonnage is obvious," said Mr. Hurley. "Not only must we continue to supply our allies overseas and prepare to bring them home at the earliest moment compatible with safety, but Europe must be fed and supplied with the necessary materials to permit the reconstruction of devastated areas in order that both our friends and enemies may become self-supporting, and the burden of feeding the world taken from our shoulders."

"There are not enough ships in the world to carry on this work and to provide immediately for ordinary commerce. For that reason only a limited portion of the shipping which can be constructed by us in 1919 will be available for use in the ordinary commercial channels."

"For two months the Shipping Board has been making a complete survey of its construction program and contracts. Believing that the emergency war program which necessitated the speediest construction possible would soon end, the investigation has been with a view to a replanning of the ship to be constructed from this date forward."

"It is planned that these shall be built with reference to probable trade uses and trade lines so as to adapt them to particular uses and to increase the speed of the turn-around."

THANKSGIVING SERVICE AT ST. PETER'S

(By Associated Press)
Rome, Nov. 18.—Cardinal Gasparri, papal secretary of state, has issued an invitation to all of the Cardinals of the World to meet at Rome and to attend a great religious thanksgiving service at St. Peter's on the day that the treaty of peace will be signed.

U. S. TROOPS IN ENGLAND TO COME FIRST

(By Associated Press)
London, Nov. 18.—The first of the American troops to start for home will be the 15,000 men in England. It is expected that they will start for home within a week and that all will be on their way in ten days. Most of the men were engaged in the British aviation work.

TO SEND GERMAN SHIPS FOR FOOD

London, Nov. 18.—The British government is arranging to send to the United States a number of German ships to bring back food from that country.

EVIDENCE WAS NOT VERY CONVINCING

It was brought out in the debate in the United States Senate which preceded the sending of Hon. George H. Moses as United States Senator, that part of the evidence to show a corrupt election was that one man had been arrested for paying another man for a bribe of apples in the ward room. This was a part of the evidence secured by the Federal grand jury who were as thick as flies about this city on election day. It was a noticeable fact that after this was submitted that even the Democrats voted almost unanimously to seat Mr. Moses for the unexpired term of Senator Gallinger.

It is understood that now that this has been settled that the grand jury who have been here since election day will be sent on some other important assignment.

CAMP DEVENS SOLDIERS TO BE DEMobilized

(By Associated Press)
Ayer, Mass., Nov. 18.—The return of the soldiers of Camp Devens to civilian life will be started this week and the 151st company of Depot brigade will be the first to be demobilized, according to orders received here today.

All men who voluntarily enlisted will be discharged immediately, excepting those connected with wireless or telegraph work. All officers who lose commands by the demobilization will report to the Adjutant General at Washington for orders.

VET. DIVISION MAY COME HOME SOON

(By Associated Press)
Washington, Nov. 18.—The inclusion of the 26th New England, and the 42d Rainbow Divisions in the third army of occupation as announced by cable, will not materially delay the return of these two divisions home. It is believed that the composition of the army of occupation is provisional and that the war department will carry out their original plans of sending back the veteran division first.

Old Virginia Days

The wharves were the chief meeting-places of the sailors. And there they would gather, with their pipes of rich Virginia tobacco, the while telling merry tales of foreign ports and of recent happenings in the colonies.

—Early Virginia Settlers

Those hardy old tars liked the "snappy" taste of Virginia

Customs and manners have changed since those quiet old days. But two things that have not changed are the golden Southern sunshine and the rich Virginia soil which grow that "lively," "snappy" taste into Virginia tobacco.

That appetizing freshness—that "lively," "snappy" taste have made Virginia the world's best-liked tobacco, particularly for cigarettes (see footnote). Smokers of ordinary cigarettes are surprised at the difference.

"A package of Piedmonts, please."

NAVY YARD MEN NEED PROMISED HOMES

Kittery and Portsmouth must join drives and "put over" that U. S. housing project which has been held up. The houses are needed for navy yard employees and it is not fair to cancel the contracts that have been made as the homes are as much needed now as they would be with the war on.

NEW ENGLAND GOES OVER TOP IN BIG DRIVE

SISTERS IN DOUBLE SUICIDE

Melrose, Mass., Nov. 18.—Ella Renou, a maid employed in the home of William F. Cobb in this city, with her sister, Lillian, were found dead today in the Cobb home under conditions

which indicate double suicide. The Cobb family were away and when Mr. Cobb returned this evening found the bodies in the kitchen with the gas turned on from the range. To make sure, Ella had cut her throat with a knife. She left a note stating that her sister was ill and would never be the same and that she was heartbroken and could see no other way out of it.

MEN TRAINING IN ENGLAND READY TO SAIL

(By Associated Press)
Washington, Nov. 19.—Reports from London that 18,000 American troops in England will be the first of the expeditionary forces sent home brought out today the fact that these are largely air service units in training. There

are no infantry, cavalry or artillery organizations in England except for a few replacement drafts on their way to France. The air service in training at British camps includes probably 70 or 80 American squadrons a large number of repair units and other auxiliary forces. There are in addition many companies of special troops such as transportation and tank corps detachments and engineering units organized for special duty.

IT PUTS THE "PEP"

Into Pepticon—The Combination of Pepsin, Nux, Iron, Celery.

This is what makes Pepticon of wonderful therapeutic value, and so successful after influenza, the grip and in blood and nerve troubles, anemia, paleness, nervous weakness and the exhausting worry and anxiety over the world war.

It is a real iron-blood and nerve tonic, especially beneficial in the weakness following the influenza and grip, to worn-out, brain-fagged men, delicate women, school-tired girls, and to fast-growing boys, invalids and convalescents, the aged and infirm. It actually puts iron, a natural strengthener, into the blood, and restores the wasted red corpuscles. Your druggist knows its great merit.

Vocal Solo, Mrs. Hobbs.

Remarks by Private Riddle of the 1st Maine Corps.

Remarks by Junior Vice Department President Edith Paul of the W. H. C.

Remarks by Chaplain Joseph Duquette of Storor Post.

The program closed by singing America. Light refreshments were served.

Owing to the inclement weather there were not as many present as were expected.

END INDIGESTION, EAT ONE TABLET

Pape's Diapiesin instantly relieves any distressed, upset stomach.

Lumps of undigested food causing pain. When your stomach is acid, gassy, sour, or you have flatulence, heartburn, here is instant relief—No waiting!

Just as soon as you eat a tablet or two of Pape's Diapiesin all that dyspepsia, indigestion and stomach distress ends. These pleasant, harmless tablets of Pape's Diapiesin never fail to make sick, upset stomachs feel fine at once, and they cost very little at drug stores.

TRAWLER LOST OFF OGUNQUIT

Crew Escaped in Small Boats
in Two Mile Row.

The trawler owned by Capt. Bennett of Kennebunkport has been lost off Ogunquit, but the crew was saved.

The crew were out during Sunday using a drag net to catch flounders. While the nets were being let out the gear became entangled with the propeller. Before members of the crew were able to overcome the trouble the boat filled and sank while two miles off Perkins cove, near Ogunquit.

The crew escaped in boats and were landed at Ogunquit. New fishing gear valued at \$5000 was lost with the craft.

NEWMARKET MAN OVERCOME BY GAS

Found Unconscious in Lodging House in Haverhill.

Patrick J. Griffin of Newmarket was found overcome by gas in a lodging house on Essex street, Haverhill, Mass., on Monday morning. He was removed to the Gen. S. H. Gale Hospital. It was announced he will recover. It is supposed that Griffin, after retiring last night, accidentally turned the gas on after extinguishing the light.

STUDENT INJURED AT HIGH SCHOOL

Flying Wood From Machine
Causes Broken Collar Bone.

John Weyer, a member of the song and more class at the high school, was quite badly injured this morning in the machine shop of the manual training department.

A large block of wood being turned down by another student on a lathe broke away from the machine striking Weyer who stood several feet away.

He sustained a fracture of the left collar bone besides abrasions of the arms and head. He was removed to the Portsmouth Hospital for treatment.

ARREST PLANS FOR STORE BREAKING

Youths Take Money From
Automatic Piano and
Plead Guilty.

Walter Moody, 17, of Newburyport, and Claude DeVault, 16, were arrested by the police today for breaking and entering the store of the Portsmouth Fruit Company on Congress street on Saturday night last. After gaining entrance they robbed the money box of an automatic piano and took about \$3. from the same.

Moody appeared before the court later and pleaded guilty to the charge. The case against DeVault was disposed of in the juvenile session and Moody was held in the sum of \$200 for the January term of superior court. The third arrest in the break will be made by the police.

THE HIGHEST TIDE FOR MANY YEARS

Many Wharves Under Water
Which Reached Streets
in Some Places.

The highest tide for many years occurred today and nearly every wharf along the wharves front at the South End was submerged. Many small floating stages were forced from their moorings and water worked into many cellars of buildings near the river. The northeast wind drove the water onto the street near the New Castle toll gate and part of Mechanic street was flooded up to the old cemetery wall. The Jamieson fish wharf was five inches under water. The tide of today was exceeded only by that which caused the burning of time on the Broughton dock about 14 years ago.

DECIDE BERRY GIRL COMMITTED SUICIDE.

Billerica, Me., Nov. 19.—Dr. Charles F. Traylor, medical examiner of York County, who performed autopsy on the body of Miss Gladys V. Berry of Kennebunk Beach Monday, found no evidence of foul play. The body of the girl was found on the shore at Parsons Beach Sunday afternoon. Dr. Traylor said she had evidently committed suicide by throwing herself into the Mousam River, Fallowen night.

CHRISTMAS FOR CHILDREN OF FRANCE

For the past four years Christmas Day has brought to the children of France little to make them think of the "Peace on earth, Good Will toward men." Instead they have known only a bitter pining, want which made Christmas much like any other day. They have lived through the tragedy of war without the understanding which makes it endurable. They have borne its privations, not because they comprehend, but because they are children of France. With the soul of France in them. The suffering of the men and women of France is glorious; that of the children is none the less glorious, because they bore things for which they did not know the reason. There is no more pitiful picture in history than the war-torn, ragged, hungry children of devastated France, little old men and women, whose Christmas, like their fathers, had been replaced by the endless terrors of war.

One child of nine was asked what she would do to celebrate this day and her reply was—"We have no Christmas to celebrate—the Boches took it away when they took everything else, four years ago."

Another child prayed in terror for many days, "Please, dear St. Nicholas, bring me a new gas mask. I've worn mine so long it is all worn out."

Americans have helped to take the Boches and the gas out of France. Americans can bring Christmas back. Want, hunger, cold, sorrow—these are still there. France is still devastated and only generous giving can bring happiness to her children.

Last year the American Committee for Devastated France sent real filled stockings to France. The year problems of transportation prevent this. But there are stockings to fill and the children will get the contents. At the Red Cross office in the Court House on State street there are paper stockings, in which you can insert five dimes. They are to be filled and returned to Mrs. A. H. MacCormick, the chairman at the Court House by Dec. 5. Will you call and get one and fill it? If America were devastated, France would send a flood of Christmas happiness to American children. Will you send a bit of your good cheer to them?

"TIZ" FOR TIRED PUFFED-UP FEET

Instant relief for sore, aching, tender, calloused feet and corns.

You're footsore! Your feet feel tired, puffed up, chafed, aching, sweaty, and they need "Tiz."

"Tiz" makes feet remarkably fresh and sore-proof. "Tiz" takes the pain and burn right out of corns, calluses and bunions. "Tiz" is the grandest foot-glader the world has ever known.

Get a 25-cent box of "Tiz" at any drug store and end foot torture for a whole year. Never have tired, aching, sweaty, smelly feet; your shoes will fit fine and you'll only wish you had tried "Tiz" sooner. Accept no substitute.

DRYDEN WINS FROM MAMAS

Bill Dryden defeated Harry Mamas of Springfield on Monday evening in a match that greatly pleased the large crowd of fans. Mamas is some heavier than Dryden and a tough boy, but like all Greek wrestlers he has an impression that by looking fierce he would get some advantage. He was a rough customer at times and it was at no time a gentle affair.

Dryden soon got the measure of his man and he secured the first fall in twenty minutes. But Mamas swung him into a shoulder hold and planned Dryden for the second fall in eight minutes.

The last fall was a strenuous twenty minutes in which the crowd got a lot of fun out of Mamas' attempts to get away from the toe hold, and at times he was tangled up into a knot, but gamely held out. He was finally pinned with a combination of leg hold and full body.

In the preliminaries Young Cohen defeated Young Driscoll of this city in two out of three falls. Dryden announced last evening that he will meet Charlie Metro next Monday and this should be fast as Metro is one of the best men that has been seen here.

AUTOS CLASH ON VAUGHAN ST.

Two automobiles came together on the corner of Vaughan and Hanover streets and the police were called. Both claimed the other was in the wrong, but as neither driver was injured, only the machines damaged, the police told them to settle it in the civil court.

HAVE COLOR IN CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for cod liver oil—were prepared by Dr. Edwards after 17 years of study with his patients. Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause.

Dr. Edwards' Olive Tablets act on the liver and bowels like cod liver oil—yet have no dangerous after effects.

They start the bile and overcome constipation. That's why millions of boxes are sold annually at 10c and 25c per box. All druggists. Take one or two nightly and in the pleasing results.

STEAMERS IN COLLISION IN FOG

New York, Nov. 18.—The steamer North Star of the Portland line, while running out of the harbor today in the thick fog, was in collision with the tanker Denota and passed so close to a patrol boat that six members of the crew jumped overboard thinking they were being run down. The North Star apparently was not damaged and proceeded upon her way.

The fog also caused a collision between the Standard Oil tanker Worden and the tanker Acme of the same line off the Jersey coast. The Worden was more or less damaged but no lives were lost.

HAVE ROSY CHEEKS AND FEEL FRESH AS A DAISY—TRY THIS!

Says glass of hot water with phosphate before breakfast washes out poisons.

To see the tinge of healthy bloom in your face, to see your skin get clearer and clearer, to wake up without a headache, backache, coated tongue or a nasty breath, in fact to feel your best, day in and day out, try just inside-bathing every morning for one week.

Before breakfast each day, drink a glass of real hot water with a teaspoonful of limestone phosphate in it as a harmless means of washing from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases and acidity, and gives one a splendid appetite for breakfast.

A quarter pound of limestone phosphate will cost very little at the drug store but is sufficient to demonstrate that those who are subject to constipation, bilious attacks, acid stomach, rheumatic twinges, also those whose skin is sallow and complexion pallid, that one week of inside-bathing will have them both looking and feeling better in every way.

MARINES PLAY TIE GAME WITH CAMP PLUNKETT TEAM

Neither Team Scores in the Gridiron Battle on Saturday.

The Marine-Camp Plunkett football game, played for purpose of aiding the War Relief Fund, at the playground on Saturday afternoon, was a fast and exciting contest that proved successful in raising a goodly sum for the cause.

The Marines, although out-weighted twenty pounds per man, played a whirlwind game, and many times throughout the contest, swept their heavier opponents off their feet. Trembly and Whitton proved to be the stars for the Marines both making long gains.

Craft and Dodge were the ground gainers for the sailors. Once in the third quarter the Marine machine were on the verge of a touch down but the sailors held them for downs. The sailors brought the ball back thirty yards and then were held for downs. The Marines then pulled a neat play, kicking the ball for fifteen yards.

The game was hard fought through-

Haverhill and kept no account of his expenditures in the three parlors. His report is not quite clear to the police and it is a question just now he was relieved of his money.

At the conclusion of the meeting a social time was enjoyed and instrumental and vocal music added to the interest of the occasion.

Refreshments of sandwiches, cake and coffee were served in the banquet hall.

EYE CITIZENS CELEBRATE VICTORY

The people of Rye celebrated the great victory last evening in fitting style, although the weather conditions were not the best for the event.

The celebration was in charge of Seaside Council, Junior O. U. A. M. of Rye, the general committee being Ernest Tucker, Irving Rand, Charles B. Philbrick and Horace Berry.

The affair was held in Rye Town Hall, but previous to the indoor gathering there was a parade by Seaside Council in which a large number of citizens joined. The parade was led by the life and drum band.

The hall was decorated with the Stars and Stripes and streamers of bunting in the National colors.

After all had assembled, patriotic speeches were in order, the principal speakers being Harold M. Smith, of this city and Rev. Mr. Hagg, pastor of the Congregational church at Rye. The members of the life and drum band furnished much of the entertainment, which consisted of selections, buck and wing dancing, and solos by two vocalists.

Following the program a lunch of sandwiches, doughnuts, assorted cake and coffee was served to all and dancing concluded the evening's festivities. It was a happy occasion to all and a fitting celebration for the ending of the war with Germany.

PLEASANT PARTY GIVEN IN HONOR OF BIRTHDAY

A pleasant surprise party was given Saturday evening by Miss Orintha Chick at her home on Vaughan street. The guest of honor was Miss Eleanor Jones and the party was given in honor of her sixteenth birthday anniversary.

After the company had arrived and been given a cordial welcome, games and music added to the interest of the occasion and the time passed all too quickly. Refreshments of ice cream and assorted cake were later served in the dining room, the center of the table being graced with a dainty birthday cake on which sixteen candles burned. A pleasing incident of the evening was the presentation of a fountain pen to Miss Jones, Kenneth Rand making the presentation in behalf of the assembled friends.

At a late hour all left for home, having expressed much appreciation to Miss Chick for the enjoyable gathering held at her home. Those present were the following: Eleanor Jones, Gertrude McCauley, Viola Mudgett, Eulace James, Florence Marston, Annie Craig, Pauline Taylor, Orintha Chick, Kenneth Rand, Parker Schurman, David Schurman, Cecil Humphreys, Theodore Gray, Paul Cornsmyer, John Mooney, Winfield Chick, Orville Badger.

THE HERALD HEARS

That the war fund drive at the navy yard has been extended to Wednesday night.

That a well known hotel man will give a dinner to 60 worthy people on Thanksgiving day.

That Boston junk dealers were numerous at the navy yard today.

That the Boston and Maine officials hope they now have the main service to the shipyards and navy yard straightened out for a few weeks at least.

That two women, one with a child in her arms, gave chase after the 8.10 train for Newburyport at the depot this morning.

That they missed it owing to the woman with the child afraid to speed up.

That the other woman could have caught it but between her efforts to watch the train and the woman with the baby at the same time they were both left behind.

That they engaged in a heated argument after their run and the woman with the child got hers.

That a move has been made to organize the Portsmouth delegation to the legislature.

That the Haxley, one of the Emergency Fleet, now in dry dock at the navy yard, was built at Jacksonville, Fla.

That the Concord, N. H. daily papers have jumped from 2 to 3 cents.

That the regiment's room at the Portsmouth depot is some place for arguments, especially of the war variety.

That apostles of diplomacy are numerous and the coming peace conference should seek the services of some of this delegation if the world's war is to be settled without delay.

That these railroad diplomats are open to any kind of an argument but do not prefer railroad management wages or railroad legislation.

That Howard B. Dawson an old time ball player who was killed as the result of an auto accident was well known here where he often played with the Newburyport A. C.

That the Portsmouth High football team went against Thornton Academy on Saturday at Saco and the score is evidence that it must have been a practice game for Portsmouth.

That one of many managers of the much talked of banquet for a Ward

HARVEST FEASTS SERVED TODAY BY METHODISTS

The annual harvest dinner served by the Ladies' Aid Society of the Methodist parish today was a bounteous and well cooked repast and the patrons were loud in their praise of the feast.

It was a genuine New England boiled dinner, the menu including cold corned beef, boiled cabbage, potatoes, squash, turnips, beets, Indian pudding, apple dowdy, served with cream, white bread and coffee. The servers were very attentive to their patrons and gave liberal helpings and all enjoyed the repast and the sociability at the tables.

A harvest supper will be served this evening with the same menu, and baked beans and pies will be added.

The feast was in general charge of Mrs. J. Howard Grover, the able president of the Ladies' Aid Society, and she took tickets at the door.

The committee in charge of the arrangements was Mrs. Lillian Marshall, Mrs. Charles B. Jones, Mrs. Fannie Taylor, Mrs. Mark Thompson, Mrs. Ralph Cloutman, Mrs. John Brille.

The servers were Mrs. Harry L. Hutton, Mrs. Richard Brille, Mrs. Clarence A. Parmenter, Mrs. Frank V. Knight, Mrs. George Chaffee, Mrs. Harry Clark, Mrs. Inez McIntire, Mrs. Walter D. Snider, Mrs. Hiram Sherrburne.

Mrs. Fred Robinson and Mrs. Snow were in charge of the pies.
